

# Impact Levels for Team Fundraising

Create a team and choose the fundraising goal that you want to achieve. You can even gather your team and watch the live event together (social distanced of course). We will help you make it a fun night to remember with food, host boxes, and swag bags.

All ticket drawings will take place at the live event!

\*These are pre-event commitments that offer some fun perks. Fundraising goal does not have to be completed by the event date, however in order to receive the catered food and host boxes you will need to have reached 50% of your fundraising goal by September 24, 2020.
